What is NCSA's All In Award™?

As an official partner of NSAF, NCSA every year gifts a **free MVP membership** through the **All In Award™** to **deserving student-athletes**:

- **Who demonstrate financial need**
- **Who meet standard NCSA academic and athletic qualifications**
- **And who demonstrate a strong desire to play collegiate athletics and commitment to leverage their athletic talent to improve their lives.**

Our partners at NCSA are committed to helping every student-athlete pursue a college athletic career—regardless of their financial situation. That's why they created the 'All In Award'. NCSA's recruiting technology and expert guidance makes it easier for student-athletes to find their best college match.

The NCSA will be hosting a quick, virtual meeting on Tuesday, March 2 at 7:00pm ET / 6:00pm CT to further explain our 'All In Award', what qualifies your athlete and how to get your athletes 'activated' into the NCSA network. We will also review our game changing recruiting platform and free tools that you have access to as a coach.

Prior to the meeting, we encourage coaches to complete the [All In Award nomination form](#) (for athletes 13 and older).
